

No. 1 Subdivision Section 21 T. 26 S. R. 3 W.

Surveyed for J. Chapman  
and others July 12<sup>th</sup> 1886  
J. H. Thomson and E. Stephens  
sworn chainmen

H. E. B. [unclear]  
C. S. [unclear]

From the 44 Sec. corner between sections  
21 and 28

North

on random line Ta. 19°-30' E  
81.81 chains intersect line between Sec. 16 and 21  
25 links West of 44 Sec. corner

S 0°-10'

W on true line across Sec. 21  
89.81 44 Sec. corner between Sec. 21 and 28

Note

The witness trees to the 44 Sec. corner on the  
South side of this section contradict the des-  
cription as furnished from the original re-  
cords. I therefore establish this corner in  
accordance with the original marks and  
facings on witness trees both of which  
are still standing

The 44 Sec. corner on North side of this  
section is described as a mound of stones  
with no witnesses though surrounded with  
large timber. E. Wimberly and others were  
at this corner when the original stake was  
in existence and set a new stake at precise  
point where original stake stood  
I find stake set by Wimberly and others  
still standing, and renew this corner by  
two new witness trees for description  
of which see "Book of new witnesses to  
U. S. Corners" Page 9
